*Travel time is not included

A professional development unit is an activity that allows an educational interaction between a student and a professional in the field of Family and Consumer Sciences. The exception is an exhibition type of activity (NKBA Expo and Conference) where students can view new merchandise or review and discuss a research poster session. These sessions will count ½ credit per hour spent in review.

Fifty to sixty minutes actual time in a professional session is equivalent to one PDU. PDU forms will be turned in during FACS 498. Students are required to earn 4 PDUs per year beginning the year they take FACS 101.
